

Dear people of Japan
 I am so sorry that
 the earthquake
 caused a tsunami
 and ruined all of your
 home. I hope you
 find a new home. I
 am so sorry that so
 many people died.
 I am sorry that you
 have no shelter, no
 home, no food. I hope
 that you and your
 family find some
 shelter, find a home
 and find some food.
 Don't you worry this
 will be over in no
 time. Other
 countries have had the
 same thing happen
 and it is over. I see
 a bright future in
 your eyes. If I was
 you I would find old
 scraps and build off
 of that.
